

DO NOT SELL PLOTS OF ETERNITY

Do not sell plots of eternity,
I have got a watch expert in essences,
Therefore every morning I wake up
Dreaming the world to satiety.

I love the flight of the bird in freedom,
The days of hard, uncertain aspect,
To show my children an open mind,
And to provoke time mercilessly.

The future, balm of chimeras,
Lordly covers the air with its mantle,
I prefer the here, the now and the dark circles.

And, although life is not a simple song,
I capture you with pleasant nets
When, after the darkness, I rise
