

FANTASY: ODE TO HUMANITY ii

Translation: María Victoria Arbués Gállego

White:

The face of pain
Showing solitude and oblivion

The awakening of conscience
That discovers the fragility of the other

The flash of the smile
That opens the doors of the thawing

The brightness of the gaze
That contemplates warm landscapes

The power of the word
That builds worthy universes

“Through the eternal dust of the roads” (2022-)

Jesús Claver Giménez
